## CHINA IS HUMBLE BEFORE ENGLAND

### CHINESE VICEROY REMOVED FROM POWER.

The Official Who Was Held Responsible for the Riots in Which Missionaries Were Killed Is Degraded—Naval Demonstration Averted—Other Foreign News.

Washington, Oct. 1.—Minister Denby cabled the state department from Peking as follows: "Imperial decree issued. Abstract—Responsibility for Se-Chuen riots rests with officials. Viceroy Liu careless; took no notice of the beginning of the riots. He is deprived of office, never to be employed. Other officials to be punished."

This would seem to indicate that the crisis impending in China, involving a naval demonstration by the British forces, has been averted, for a time at least, by the compliance with the principal demands of the British. It cannot be learned whether the decree concedes all of the demands made, and the cablegram makes no reference to the sweeping conditions imposed by the British minister that the guilty officials be punished by suspension for three years on all promotions and appointments in the civil service in the province of Se-Chuen.

Viceroy Liu, whose fall is announced, has been in trouble before. It is understood that he was found guilty last November of misappropriation of funds, and later on, because the French investigations showed that he was responsible for the Ching-Too riots, he was obliged to pay an indemnity of \$80,000 to the French Catholic missions from his own pocket. The present conclusion, which has been brought about apparently by British threats, will not involve the abandonment of the independent investigation into the Ching-Too riots which has been ordered by Secretary Olney. There has been a change in the personnel of the commission, and Commander Barber, the naval attache, who has fallen ill, has been relieved from duty as a commissioner by Lieutenant Commander John P. Merrill, executive officer of the United States ship Baltimore.

The Asiatic squadron which has been concentrated at Chefoo has dispersed. The flag ship Baltimore has gone to Nagasaki, the Yorke to Chemulpo and the Concord to Shanghai.

London Sept. 30.—It is announced that China has accepted the British ultimatum, and that the viceroy of Se-Chuen, who is held to have been responsible indirectly for the massacre of missionaries in the territory under his jurisdiction, has been degraded.

#### Honor an American Preacher.

London, Oct. 1.—The Westminster Gazette publishes a column interview with Rev. William H. Milburn, the blind chaplain of the United States senate, who, according to the paper, is drawing large crowds to the various chapels in London, where he has been requested to preach.

#### Czarowitz Dies.

Berlin, Oct. 1.—Professor Leyden has received information that the czarowitz is too weak to travel.

#### VICTORY FOR WOMEN.

Rock River, Ill., Conference Votes to Admit Them.

Elgin, Ill., Oct. 1.—Women scored another victory among the Methodists yesterday. The Rock river conference, by a vote of 142 to 27, decided in favor of the admission of women as delegates to the general conference. Every prominent minister in the conference voted for the women. The question of changing the ratio of ministerial representation from 1 to 45 to 1 to 65 stirred up a great deal of debate. The ministers are averse to reducing their power and voted the resolution down, 88 to 85. The reason the conference refused to consider the Hamilton amendment was because by voting it down only negative support could be indicated in behalf of women representation.

#### Wisconsin Forests Leveled.

Marinette, Wis., Oct. 1.—Reports that are coming in from the result of the late cyclone that swept through this part of the state last week show that millions of feet of standing pine have been blown down and the effects more serious than from the forest fires of last year. Acres of timber have been uprooted by the storm, cattle and horses killed by falling trees and men in the logging camps forced to flee at night to prevent being killed by falling trees. Such terrible results have never been known by the oldest lumbermen on this river. Marinette lumbermen, who own large tracts of pine, will be obliged to cut it into logs this winter to prevent its being destroyed by worms.

#### Denied by Spanish Embassy.

London, Oct. 1.—The Spanish embassy here publishes a denial of a statement cabled from the United States to the effect that Secretary of State Olney had given a warning to the Spanish government that unless they had succeeded in suppressing the insurrection in Cuba in the next three months the United States government would intervene for the protection of the insurgents. The Spanish embassy declares that the story is entirely fictitious, and that the Spanish relations with the United States regarding Cuba are working smoothly and with no apparent friction.

GARLAND STOVES AND RANGES AT LOW.

#### THE OFFICIAL STANDING.

Western Baseball Association Meets at Quincy, Ill.

Quincy, Ill., Oct. 1.—The Western Association of Baseball clubs met here yesterday to close up the affairs of the championship contest ended last week. Denver and Sioux City were applicants for admission. Next year's circuit was referred to a committee consisting of George W. Brackett, of Quincy; William Ebright, of Lincoln, and Charles Flynn, of Peoria, who will report at the next meeting, to be held at the Tremont hotel, Chicago, November 12. The Quincy Street Joseph game here July 29, which was given to Quincy by the umpire, was thrown out because the umpire had failed to fine Marham, the St. Joe player, before ordering him out of the game. The three games scheduled at Peoria, September 4 and 5, given to Peoria by the umpire on account of the failure of the Lincolns to reach Peoria, were also thrown out. The official standing as adopted by the association is as follows:

Clubs	Played	Won	Lost	Cent.
Lincolns	122	79	43	.648
Peoria	117	69	48	.590
Des Moines	117	68	49	.581
Rockford	125	67	58	.536
Quincy	124	64	60	.516
Dubuque	113	51	62	.451
St. Joseph	122	48	74	.393
Burlington	114	39	75	.342

The \$40 a game guarantee will be done away with at the next meeting, and the percentage system substituted. The salaries of umpires will also be reduced to \$125 a month. Next year's circuit, which is favored by the committee on circuit, comprises Peoria, Quincy, Des Moines and St. Joseph in the East, and Denver, Lincoln, Omaha and Sioux City in the West.

#### HOPE FOR AN ALIBI.

Durrant's Counsel Expect Medical Students to Testify.

San Francisco, Cal., Oct. 1.—Since the adjournment of the Durrant trial last Friday the prisoner's attorneys have visited Cooper Medical College several times, and have had frequent interviews with students, whom they will put on the stand in hopes of bracing up the alibi which the defense hopes to establish. It is thought several of the college boys will testify to having seen the accused between 1 and 2 o'clock on the afternoon of April 3, but if any will give evidence of the fact that Durrant was in the college until 3:30 in the afternoon he is not known. District Attorney Barnes and Captain of Detectives Lees are getting ready to put in their rebuttal testimony, which they expect to make almost as strong as the direct. They will have a lot of writing experts to combat any testimony that might implicate Rev. J. G. Gibson in having written the address on the newspaper in which Miss Lamont's rings were sent to her aunt, Mrs. Noble.

#### Say Insurgents Were Defeated.

Havana, Oct. 1.—Official advices received here from Brigadier General Gonzalez Munoz say that the column of troops under his command had a skirmish with the insurgents at Calambrosio, near Manzanillo, province of Santiago de Cuba, with the result that the enemy left three killed and four wounded on the field. The same column of troops, it is added, had a brush with the insurgents at Buoycito. The insurgents withdrew and carried with them their dead and wounded. On the government side one soldier was killed.

#### Balfour and McCarthy Allies.

Montreal, Oct. 1.—Dr. O'Sullivan, of Limerick, Ireland, one of the delegates to the Irish convention held in Chicago, last week, is in this city. He made a statement yesterday to the effect that a compact had been made between Justin McCarthy and Rt. Hon. Arthur J. Balfour, by which the former promised the government the support of his followers in return for Irish home rule. Dr. Sullivan says he had the news from McCarthy's own lips, and is only afraid that the resolutions passed at the convention may interfere with the plan.

#### Favor Cuban Insurgents.

Chicago, Oct. 1.—The mass-meetings held last night at Central Music Hall and at Association Hall to give public expression to the feeling of sympathy for Cuba were enthusiastic demonstrations. At both meetings stirring addresses were delivered, and a memorial and resolutions to the congress of the United States and the American people were passed by acclamation. The resolutions are in favor of the United States taking energetic action to help the Cubans throw off the Spanish yoke.

#### Texas Fever in New York.

Oleran, N. Y., Oct. 1.—State Veterinarian Quigley pronounces the disease that is killing cattle in Cattaraugus county Texas fever. The milk from these afflicted cattle is said to have caused the death of several infants.

#### Double Murderer Indicted.

Decatur, Ill., Oct. 1.—Two indictments against Charles N. Smith for murdering his daughter, Louise, and sister-in-law, Edna Buchert, Saturday, were returned by the grand jury yesterday afternoon.

#### Gov. Morrill Recovering.

Hiawatha, Kan., Oct. 1.—Governor Morrill's condition is much improved

## A SCHOONER SINKS WITH ALL ON BOARD

### THE ELMA GOES DOWN IN LAKE SUPERIOR.

Boat Was Dashed to Pieces on the Pictured Rocks After Parting Her Tow Line—Nine People Were Aboard—John Rafer Ashore At Whiting.

Marquette, Mich., Oct. 1.—News has just reached here of the loss of the schooner Elma, with all hands, at Pictured Rocks during the gale Saturday night. The steamer Birkhead left Baraga loaded with lumber Saturday, having in tow the schooners Elma and C. B. Jones. Off Whitefish Point the wind shifted to the northeast, with such fury that they were unable to get around the point, and they put back in hopes of getting behind Grand Island. The Jones was lost sight of soon after turning back, but reports from the Soot state she anchored at Whitefish Point, and the crew are all safe, but she will go to pieces soon.

The only names of the Elma's crew obtainable are Captain John Thurston, wife, and child.

When off Miners' river, at the eastern end of the forty-mile angle of enormous cliffs known as the Pictured Rocks, the Elma parted her tow-line and disappeared in the darkness. The Birkhead was unable to assist her unfortunate consort, and was compelled to hold on for Grand Island, where she found shelter early Sunday morning.

As soon as the gale subsided Captain Marsters returned down the coast in search of the Elma. Fragments of wreckage were found in the lake, which left no doubt that the schooner had been dashed to pieces against the gigantic cliffs. The Elma had a crew of seven and a man and child on board, and that any of her company has escaped alive is out of the range of probability.

#### TWO SAILORS DROWNED.

Schooner John Raber Goes Ashore Near Whiting, Ind.

Chicago, Oct. 1.—The schooner John Raber went ashore near Whiting, Ind., yesterday. Two or more sailors were

The first news of the Raber's going ashore was received at South Chicago late yesterday afternoon. The life-saving crew was at once notified, and, boarding the tug, C. W. Elphicke, with the lifeboat in tow, started at once for the scene of the wreck.

The wrecking of the schooner was somewhat of a mystery to marine men. Yesterday forenoon, about 10 o'clock, the John Raber was seen three or four miles from South Chicago by the crew of the tug Elphicke, standing to the south under sail, and apparently all right. No signals were to be seen, and the proceedings of the vessel were somewhat strange, as there is no place where the Raber could land her cargo south of the Calumet. As there was no visible call for assistance, the tug turned back to the harbor. Shortly after the Raber was stripped of all canvas except the staysail, and under this she continued south. The next thing was the information that she had gone ashore. If the schooner had been bound for Michigan City she would not have followed the west shore up the lake, but steered across to the east shore before sighting Chicago.

#### WOMAN'S DAY AT ATLANTA.

Their Building Opened with Appropriate Ceremonies.

Atlanta, Ga., Oct. 1.—The exercises attending the formal opening of the Woman's building at the exposition began at 2 o'clock yesterday with an address by Miss Harding, chairman of the Woman's Auxiliary of the Pennsylvania state commission, in behalf of Miss Elise Mercur, the architect. She was followed by Mrs. E. C. Peters, chairman of the building committee, who presented the completed building, with its exhibits, to Mrs. Joseph Thompson, president of the woman's board. Mrs. Thompson, in behalf of the board, accepted the building in an appropriate address. John Temple Graves was the orator of the day.

The question of Sunday opening of the exposition was settled by an overwhelming negative vote at the directors' meeting yesterday. It is not believed that any further attempt will be made to open the exposition grounds on Sunday.

#### Drowned in Oneida Lake.

Syracuse, N. Y., Oct. 1.—Frank J. Devereaux, aged 27, and W. Porter Hunt, aged 22, two newspaper correspondents living at Oneida, drowned in Oneida Lake, off North Bay, yesterday.

They went in a sailboat to Sylvan Beach and started to start the lake at North Bay. This was the last seen of them alive, and when they failed to return a search was instituted, and the oars, sails and cushions of the boat, with a straw hat, were found near North Bay. The articles were identified as belonging to the missing men.

#### Grand Jury Meets Again.

Springfield, Ill., Oct. 1.—After a week's recess the grand jury met again yesterday afternoon. The time was taken up with the consideration of local matters and there was no witness examined on the subject of legislative corruption. It is expected that several members of the assembly will be

## THE AURORA STRIKE IS STILL UNSETTLED

### BOTH SIDES REFUSE TO YIELD A POINT.

Five Hundred Employees Want More Pay Which the Managers Refuse to Grant Them—Indiana Coal Miners Get the Raise Demanded—Iowa Miners May Quit Work.

Aurora, Ill., Oct. 1.—The Aurora cotton mill strike situation remains unchanged. The 500 employees still stand firm in their demands for increased wages, and no attempt has been made by the company to resume. Superintendent Hobbs returned home from the east Saturday, where he went ostensibly to look up the question of wages.

#### FOR ONE ORGANIZATION.

Big Meeting of Railroad Employees to Be Held at Denver.

Denver, Col., Oct. 1.—One of the most important meetings of railway employees ever held in the west will take place here Oct. 19, when 200 delegates, representing 7,000 members in Colorado and adjoining territory of five of the best labor organizations in the country, will assemble and the "Federation of Railway Organizations" will be perfected.

The outcome of the meeting is not dreaded by railroad magnates, as every superintendent, manager and receiver of every great western system has indorsed the plan of the men. The organizations which will take part in the conference are: Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Trainmen, Order of Railway Conductors, Brotherhood of Locomotive Firemen and Order of Railway Telegraphers.

#### Miners Get an Advance.

Brazil, Ind., Oct. 1.—The block coal miners and operators met here yesterday to arrange a mining scale for the coming year, to take effect to-day. The miners' demand for 70 cents per ton was granted by the operators, notwithstanding a report is current that Ohio, Illinois and Pennsylvania operators would refuse the miners an advance. The miners are elated over the settlement.

#### Iowa Coal Miners Uneasy.

Ottumwa, Iowa, Oct. 1.—The coal miners at Mystic have refused to work longer at the present scale, and it looks as if there might be another strike in the Centerville district. Unless they get \$1 instead of 80 cents it is believed that they will quit. One thousand five hundred are employed.

#### To Ask for an Advance.

Springfield, Ill., Oct. 1.—The coal miners of this subdistrict yesterday passed resolutions to ask for 40 cents per ton gross weight next Saturday, and to quit work if the price is not advanced from 35.

#### New York Strike Settled.

New York, Oct. 1.—The strike of the derrick men, which drew out about 8,000 people in other trades on a sympathetic strike, has been settled on a compromise. They receive an increase of 15 cents a day.

#### CAPTURE SEALING VESSELS.

Revenue Cutter Rush Finds Them Violating the Paris Award.

Washington, Oct. 1.—A report was received yesterday by Captain Shoemaker, of the revenue cutter service, from Captain C. L. Cooper, in command of the patrol fleet in Behring Sea, announcing the seizure of two sealing vessels for violation of the Paris award. The first vessel seized was the British schooner E. B. Marvin, taken by the Rush September 2 within the sixty-mile zone of using firearms. In charge of a prize crew she was sent to Dutch Island harbor, in Alaska, where, September 9, she was delivered to the British authorities. The second vessel was the American sealer Louis Alsen, also taken by the Rush, which was seized September 3 and placed in charge of Lieutenant Dunwoody, who was directed to proceed with her to Astoria, Ore. Her home port, where she was to be delivered to the United States marshal. It is charged that the Alsen is not duly licensed.

#### Visible Supply of Grain.

New York, Oct. 1.—The visible supply of grain Saturday, Sept. 28, as compiled by the New York Produce Exchange, is as follows: Wheat, 40,768,000 bushels; increase, 1,383,000; corn, 5,451,000 bushels; increase, 40,000; oats, 2,725,000; decrease, 320,000; rye, 537,000 bushels; decrease, 27,000; barley, 1,916,000 bushels; increase, 908,000.

#### No Trouble at Bluefields.

London, Oct. 1.—Inquiries made at the foreign office here were met with the statement that nothing is known there concerning the report that fresh troubles have occurred at Bluefields, the chief port of the Mosquito territory of Nicaragua.

#### Leaves a Million Dollar Estate.

Columbus, Ohio, Oct. 1.—The will distributing the George M. Parsons estate of \$1,000,000 was probated yesterday. The personalty, the greater part of which is represented by bonds, is left to the widow, and the real estate is given to her in trust, the income to be paid to

NOTED WOMEN MEET  
TO TALK OF VOTESTHE EQUAL SUFFRAGE ASSO-  
CIATION IN SESSION.

The Convention Was Called to Order at Evansville This Morning and Opened With a Lecture By Mrs. Catt of New York—The Work To Be Done.

Evansville, Oct. 1.—The fourteenth annual convention of the Wisconsin Equal Suffrage association met here today with a lecture by Mrs. Carrie Chapman Catt of New York City.

Already many of the delegates are here. Although Evansville seems a small city for a state convention of such a large association, most excellent work has been done by the local arrangement committee and entertainment has been secured for a gathering usually expected at such a time.

Those who had heard of Evansville's woman minister, doctor, editor, photographer, tailors and numerous other professional and business women were not surprised to hear that the convention was to be held here, for the equal suffrage sentiment is very strong in the home of these up-to-date women.

In some ways this will be an unusually interesting meeting. The Rev. Olympia Brown, who has for years been president, will not serve in that capacity another year, for the feels the duties of editor of a Racine daily to be too heavy to permit her undertaking the work.

## Many Noted Women Present.

Just whom will be elected to succeed her is very indefinite. There will, however, be many changes among the state officers.

There will be many suffragists of national reputation present, as Wisconsin, although one of the most conservative states in the movement is regarded very hopefully by all who are informed upon the work.

Among the most prominent who are expected are Mrs. Clara B. Colby, editor of the Woman's Tribune of Washington, D. C., Mrs. Brown of Racine, Mrs. Minora Fitts of Milwaukee, Mrs. Nellie Opdale of Racine, Mrs. H. H. Charlton and Mrs. Ellen Rose of Eau Claire.

Among the Evansville women who are prominent in the movement are Mrs. Edith Davis, Mrs. Minnie Stubbins Savage, the poet, Misses Eleanor and Marilla Andrews, manager and editor of The Badger, Mrs. Lillian Pullan, wife of cashier Geo. L. Pullan, Mrs. D. E. Stevens, Mrs. Ezra Jones Spencer, Mrs. C. A. Wood, Mrs. Ada Johnson and many others. These ladies represent much that is best in the social, literary and financial circles of Evansville and they have in consequence been able to mould great influence in the matter.

The report of the committee upon resolutions is awaited with great interest as it seems to be agreed by all that the time is now ripe for the association to place itself upon record in some important matters.

## The Program Made Up.

The program is as follows: Address of welcome by Miss Marilla Andrews, editor of The Badger; response by Nellie Mann Opdale of Racine. Address by Mrs. Carrie Chapman Catt of New York. Wednesday will be devoted to organization, appointment of committees, reports of officers, etc. In the afternoon a paper, "Suggestions for Practical Work," will be read by Mrs. T. J. Alsop of Brooklyn. In the evening a platform meeting will be conducted as follows: "History of Suffrage," by Mrs. Minora Fitts of Milwaukee; "Present Status," by Mrs. Edith Davis, Evansville; "The Prophecy," Mrs. Helen H. Charlton of the Brodhead Independent. Thursday a paper will be read by Mrs. Ellen Summerville of Monroe and an address by Mrs. Ellen S. Rose of Brodhead, followed by a poem by Mrs. Minnie Savage of Evansville. In the evening a scriptural exegesis will be given by Rev. Alice Loonie of Lone Rock. This, it is expected, will be the most important meeting the Equal Suffrage association ever held in Wisconsin.

## WM. RUGER TO GO TO MINNEAPOLIS

Janesville Man a Lay Delegate to the Episcopal General Convention.

Hon. William Ruger is one of the lay delegates who will attend the general convention of the Episcopal church which meets at Minneapolis tomorrow for a three weeks' session. One of the proposed changes that will come before the convention will be the alteration of the name of the Episcopal church America to the "American Catholic church," a project which has been championed by a minority of the church for the past decade. It is not thought that this idea will carry.

## METHODISTS MUCH INTERESTED

The Racine Conference Will Transact Considerable Important Business.

Janesville Methodists are much interested in the annual conference which opens at Racine tomorrow. The coming conference will attract unusual attention among the 15,000 Methodists of Eastern Wisconsin, first because of the large number of changes which are expected among the most prominent preachers and churches. The time limit provision of the Methodist polity which prohibits a preacher from remaining longer than five years in one church comes in as a disturbing element and causes the removal of five successful pastors who have served the full length of time allowed them.

The conference also has unusual interest because it is the session which immediately precedes the quadrennial meeting of the general conference, the great law making body of the Methodist Episcopal church which meets next May in Cleveland. Three important questions will be voted upon in connection with radical changes in the constitutional law of the church. There is the question of admitting women as lay delegates to the general conference, the question of equal lay and ministerial representation in this law-making body, and the problem of reducing the size and expense of this great quadrennial gathering of cosmopolitan Methodism by increasing the ratio of representation of one delegate to every forty-five ministers to one for every sixty-five and then there is great interest in the local conference in the election of four ministerial delegates from among nearly 200 preachers, and the choice of two lay delegates by a special lay electoral conference which meets on Friday.

## AN IMPORTANT WITNESS DEAD

Judge Bennett Will Not Hear Belle Dunn's Story at Monroe.

Judge Bennett will not hear Belle Dunn's story in the Merchant-Morehouse case when he holds court at Monroe. It was she who was the "rich woman in Milwaukee" who was educating and caring for a ten year old daughter of Mr. and Mrs. Peter Requisse, of that city, who was afterward found in Racine and caused the arrest of Mrs. Lucretia Morehouse and Mrs. Helen Merchant charged with kidnapping and abduction. The case was tried twice but the Dunn woman the most important witness in the case could not be found and the jury could not agree. She returned to Racine and although she was subpoenaed for the second trial, she did not show up. Judge Bennett issued a bench warrant for her arrest but it was a month afterward before it was served. She was brought to Monroe and was placed under \$1,000 bond to appear at the next term of the circuit court to testify in the case and answer to the charge of contempt of court. Her story will not be told however, because death has sealed her lips.

## THE NEW TROLLEY RAILROAD.

Summer Resorts Planned It Because of a Lack of Railroad Facilities.

The newly incorporated Chicago & Wisconsin Inland Lakes Railway company, with its projected line of 185 miles, passing through Janesville, originated last summer in the dissatisfaction of Chicago capitalists and their families at the delay and roundabout journey in reaching Landercake lakes, Palmyra Springs lake, Lake Ripley and other Wisconsin inland lake, within a few miles' radius, with few or no railway facilities, who advanced the idea of an electric railway, direct from Chicago, with branch connections to principal Wisconsin resorts, for the rapid transit of passengers and light freight. Walworth, Waukesha, Jefferson, Dane, Rock and Washington counties will be included in this road and its connections. Chicago and Lake Superior road surveyors are also at work near Palmyra. On account of the expense of building a road through the Kettle Range of bluffs to the south and west it is anticipated that Palmyra will be a branch of the main line of this summer resort road.

## CAR RAN EDWARD MASON DOWN

Conductor Mahoney's Train Injures a Man at Fond du Lac Yesterday.

Conductor Mahoney's C. & N. W. train tossed Edward Mason into the air at Fond du Lac yesterday morning. Mason attempted to cross the track and the wagon was smashed to pieces, and the horse was thrown something like 125 feet and instantly killed. Mr. Mason narrowly escaped with his life. He was badly bruised, but it was thought no bones were broken. Mr. Mason is between sixty and seventy years of age. He says he did not hear the approaching train until it was too late to escape the accident.

JACK FROST COMES  
TO NIP THE GREENTHICK ICE FORMED AN EMER-  
ALD GROVE.

Crops Are All Out of the Way—Lad Hurt By a Fall—Tiffany Boy's Hand Mangled—Infected Hogs Al- lowed Their Liberty—Diphtheria Stamped Out.

Emerald Grove, Oct. 1—Monday and Tuesday mornings brought our first killing frosts which formed ice a quarter of an inch thick. Roy Barlass fell from the back end of a wagon to the ground on Monday lighting on his head. He was picked up apparently lifeless but after an hour and a half he became conscious and appears to be doing well. Dr. Palmer was called out to see him. The La Prairie fair was attended by many of our neighbors. Communion service will be observed in the Congregational church next Sabbath. Preparatory service Saturday at 2:30 p. m. Hans Hansen and G. Hammond were appointed delegates to the Young Men's Christian Association state convention at Wauau, Oct. 10-13 by the Young People's Society of Christian Endeavor.

## TIFFANY BOY'S HAND MANGLED

Lad Will Lose Two Fingers—Cholera Among Hogs.

Tiffany Oct. 1—On Sunday a little son of Mr. Curley, the station agent, had his hand badly mangled while playing with a threshing machine jack. Two fingers had to be amputated while a third will be useless. The injury is to his right hand and will render it almost useless. Parties permitting cholera hogs to run at large ought to know that the penalty for allowing any animals infected with contagious diseases is a heavy fine and imprisonment, or both. The law is very severe in such cases, and on complaint the health officers will have to enforce it. Thanks to the prompt and energetic efforts of the health officer, J. E. Gleason, diphtheria is stamped out in the town of La Prairie. The cost to the town is about eighty dollars and is money well spent. Messrs. Herr & Day will run a corn husker and shredder this fall. A night operator has been added to the force at the station in consequence of the increase of business. The need of the hour is a telephone connecting Janesville with Tiffany and Clinton. Heavy frost came Sunday night. Husking has commenced. The corn is dry and fit to market. Grain is low and the hogs are about all sold or dead. The Van Gilder auction sale netted good prices. It is a great pity that Rock county cannot beat Walworth county on fairs. The city of Janesville alone can do it if the effort is rightly made. The fair at Elkhorn last week was not as good as the fair at Janesville last year. But, oh, the people! How they swarmed on Thursday!

## A Fall Announcement.

On the eighth page of this evening's paper will be found the fall announcement of the Richardson Shoe Co., the reliable shoe dealers. This concern has been in the same store for years and has a reputation as shoe dealers for all classes of people that is second to none. Their aim has always been to give the purchaser the most for his money, they believe that in causing people to place implicit confidence in their word will not only make them constant customers but will also bring their friends with them. Their idea is to give better goods than can be obtained elsewhere, for less money. The quality of their stock has always been high grade, the styles have been the latest obtainable, and these points will be looked after even more carefully than ever in the future. Their fall stock is arriving and will soon be all in; the patterns are all late and pretty. Read the large ad with care.

## SAVE YOUR CHILD

St. Vitus Dance Getting Fearfully Prevalent.

Comes From Weak Nerves and Attacks Nervous Children.

Do Not Neglect Your Children's Weak and Irritated Nerves.

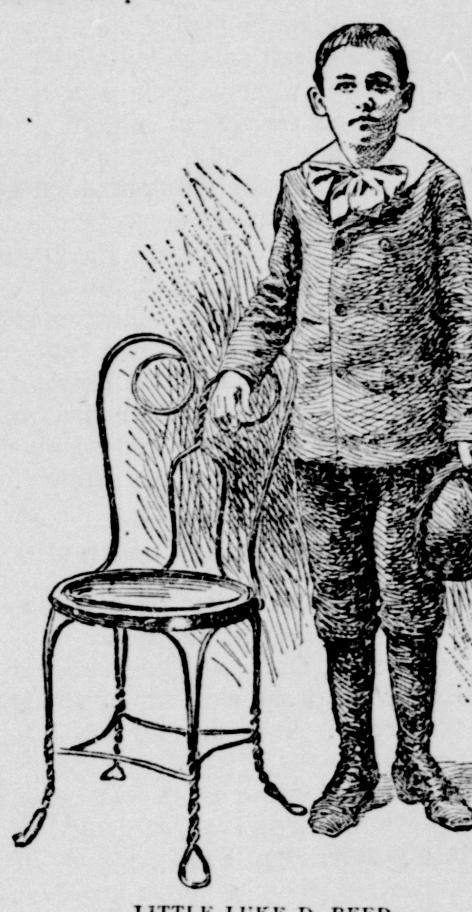

There appears to be almost an epidemic of St. Vitus' dance among children. The disease comes immediately from weak nerves and an irritated condition of the nerve centers.

Its approach is shown by the nerves becoming weak, the child is pale, nervous, restless, irritable, does not sleep well at night, but tosses restlessly, talks in sleep, grits its teeth, and has irregular appetite. There will be a twitching of the eyelids, the hand, the arm, the leg, or portion of the body, which spasmodic movements will gradually increase until the child is more or less helpless.

It is a very serious disease and should never be allowed to run, as the most serious consequence ensue in the utter wreck of the nervous system. It must be cured at once.

The cure of little Luke, son of L. C. Reed of Hegewisch, Ill., is wonderful and should be known to the parents of every nervous child or sufferer from St. Vitus' dance.

"It affords me great pleasure," says Mr. Reed, "to state that my son has been cured of St. Vitus' dance by the use of Dr. Greene's Nervura blood and nerve remedy. It is the best medicine in the world. My little son had scarlet fever and was sick for about two years after he got over the fever.

LITTLE LUKE D. REED.

"He was very nervous and got so bad that he could not hold his right arm and leg still. I employed a physician, but he got worse all the time.

"A friend advised me to try Dr. Greene's Nervura blood and nerve remedy. I got one bottle of the Nervura, and before he had taken half of it he began to improve, and when he had one bottle taken, the St. Vitus' dance was gone. It is wonderful the way this medicine worked."

Watch your children, and if you detect any of the above symptoms, any weakness of the nerves, pale and sallow condition of the skin, loss of appetite, and observe the child growing thin, sharp-featured and puny, give it immediately the only sure cure for this distressing nervous disease, recognized by physicians, Dr. Greene's Nervura blood and nerve remedy. It will cure St. Vitus' dance, give the child strong nerves, good digestion, pure blood, and make it grow sturdy and strong.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th street, New York City.

He has the largest practice in the world, and his grand medical discovery is the result of his vast experience.

The great reputation of Dr. Greene, is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

## PLOWRIGHT GOES BACK TO WORK

Arbitrators Settle the Trouble at F. M. Marzluff & Co.'s Shoe Factory.

The strike at F. M. Marzluff & Company's shoe factory was settled by the arbitrators at their meeting last night and George Plowright will be reinstated by the firm. After hearing all the testimony, the commissioners decided unanimously, that Mr. Plowright did not quit but was discharged. Misunderstandings, they found, added undue color to the differences in the part of both sides, and these were quickly explained when the matter was talked over.

Blind Musician Talks of His Future Plans—His Iowa Experience.

C. D. Evans, who was robbed in Waterloo, Iowa, has arrived home, all safe and sound. Mr. Evans says that Waterloo toughs simply worked the "short change racket" on him, while making their own change from his "bank," which was on top of his band wagon. Mr. Evans says he intends to leave in about three weeks for either Texas or the Atlanta exposition, taking his band wagon along.

OUT AT CLINTON.

The First Epidemic Had Been Conquered and the Residents Just Began to Feel Safe When a Number of Other Cases Developed and the Apprehension Was Renewed.

Diphtheria has again broken out in Clinton.

Some time ago they had almost an epidemic of the disease but it was finally conquered the scare subsided.

Now the disease has taken a new hold and there is much alarm in the village.

The last move to prevent the spread of the disease is the closing of all the schools that the scholars may not be exposed. A dispatch says "The public and private schools of this city closed this afternoon owing to an epidemic of diphtheria. Several cases have been reported to the Board of Health but only one death was reported."

WANTED TO BORROW HIM.  
Queer Request Two Women Made of a Philadelphian.

A genial Philadelphian, who for obvious reasons does not care to have his name printed on this occasion, secured a parlor car seat on an express train for Reading a few days ago, and as he was about to pass through the gates was surprised to hear himself accosted in feminine tones with the somewhat startling question: "Please, mister, could I borrow you for a while?"

Looking around, he found two buxom women, who hastily and hesitatingly explained that they were riding on a pass made out in the name of a gentleman and his wife, and, as the gentleman was not present, they wanted the genial-looking citizen to place his bought ticket at the disposal of one lady and take the other one under his wing, while he personated the absent owner of the pass.

"Which is my wife?" he inquired with an inward qualm, lest his own absent better half should ever hear the story.

"You can take your choice, sir," said the lady in search of an escort, and he promptly did so by tucking the arm of the youngest fair one under his own and leading her into the car. The couple proved to be right jolly traveling companions, and the citizen's only regret in the transaction was due to a fear that the story might leak out and get home ahead of him. But it didn't.

He Was a Little Lamb.

The Rev. Dr. Meredith, a well-known clergyman, tries to cultivate friendly relations with the younger members of his flock. In a recent talk to his Sunday-school he urged the children to speak to him whenever they met. The next day a dirty-faced urchin, smoking a cigarette and having a generally disreputable appearance, accosted him in the street with:

"Hello, Doctor!"  
The clergyman stopped and cordially inquired:

"And who are you, sir?"

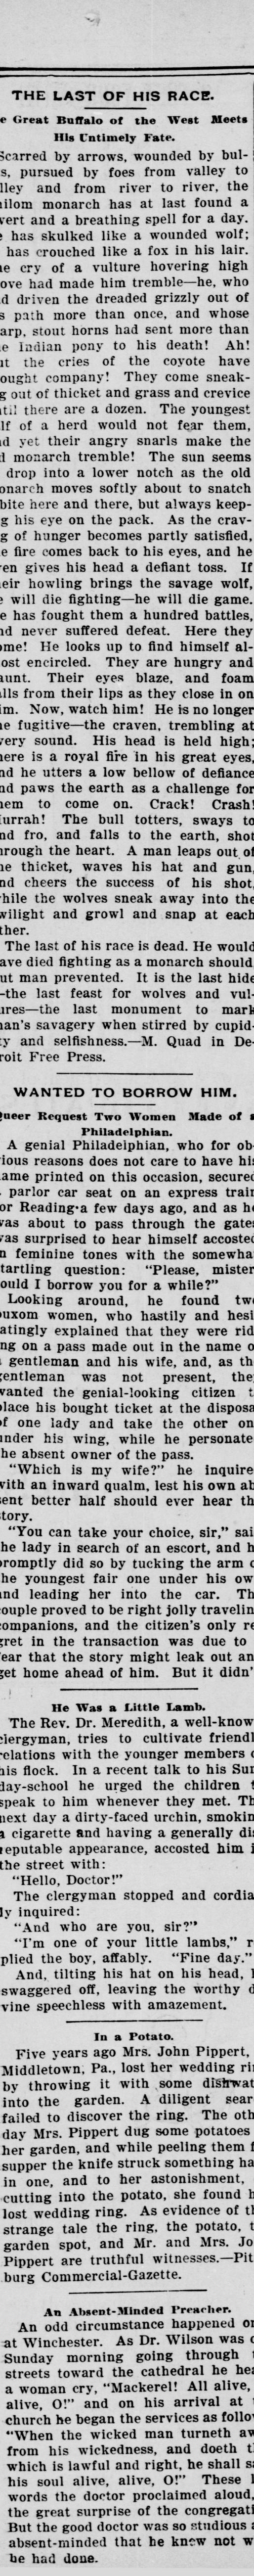

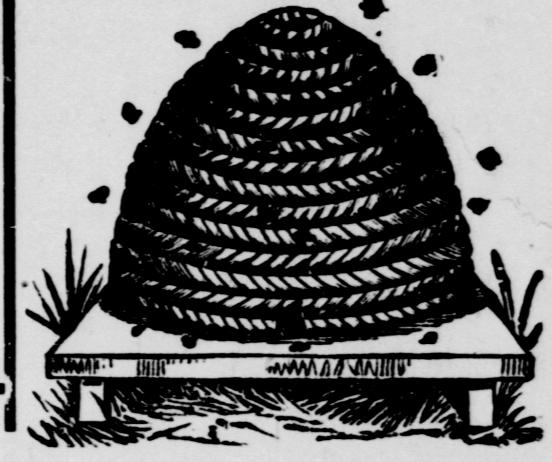

"I'm one of your little lambs," replied the boy, affably. "Fine day."

And, tilting his hat on his head, he swaggered off, leaving the worthy divine speechless with amazement.

In Potato.

Five years ago Mrs. John Pippert, of Middletown, Pa., lost her wedding ring by throwing it with some dishwater into the garden. A diligent search failed to discover the ring. The other day Mrs. Pippert dug some potatoes in her garden, and while peeling them for supper the knife struck something hard in one, and to her astonishment, on cutting into the potato, she found her lost wedding ring. As evidence of this strange tale the ring, the potato, the garden spot, and Mr. and Mrs. John Pippert are truthful witnesses.—Pittsburgh Commercial-Gazette.

An Absent-Minded Preacher.  
An odd circumstance happened once at Winchester. As Dr. Wilson was one Sunday morning going through the streets toward the cathedral he heard a woman cry, "Mackerel! All alive, all alive, O!" and on his arrival at the church he began the services as follows: "When the wicked man turneth away from his wickedness, and doeth that which is lawful and right, he shall save his soul alive, alive, O!" These last words the doctor proclaimed aloud, to the great surprise of the congregation. But the good doctor was so studious and absent-minded that he knew not what he had done.

HE IS STRONGER FOR IT.

Governor Culbertson may have hurt his chance in Texas by calling that special session but he can be elected to anything he wants in any other state in the union. The firm stand the governor has taken against the projected fight has been universally approved by people who put a proper estimate on this sort of "sport." It has been judicially declared that Texas has no law under which a prize fight can be prevented. The governor might, perhaps, have interposed under the common law and stopped the projected contest but this would have required the use of force and probably involved a serious conflict. He chose the wiser course in calling the legislature together. That body may not pass the legislation he desires. There will be great pressure to induce it not to. But in any event the governor will have done his duty and will have the approval of every good citizen in Texas.

DULL MARKET FOR GRAIN.

There is not the encouragement that could be desired in foreign grain reports. It appears that the production in Europe this year will be larger than a year ago. Exports of wheat from the United States continue to be unsatisfactory, for this time of the year, and the outlook does not seem to be very promising, with large crops in Russia and Canada. But an even more discouraging fact is the increased yield of corn abroad, the tendency of which will be to keep the price of that grain down. This country has not a great surplus of wheat, but without an increased foreign demand, which is not to be expected for the last, information is correct, it is doubtful if the price can be maintained when

WORTH WHAT IT COSTS.

If the cures effected at the Waukesha Kecky institution prove permanent, \$130 a patient is the charge the counties can afford to pay. The men sent from Rock county may doubtless be taken as fair samples. Any one of them has cost the county more than \$130 in one year for arrests, commitments and board in jail or almshouse. The permanent reform of such men is, from the economic view alone, well worth what it costs.

Talk about democratic bolting is always to be taken with a good deal of allowance, but there is manifest reason to believe that there will be more of it this year than usual. There are splits in Kentucky, Maryland and New York which are irreconcilable, and the republicans of those states will profit accordingly.

The impudence of New York city in asking for one or both of the national conventions! Even the people of her own state refuse to poking off down there by the seaboard and for years have held their own conventions in a more accessible spot.

## ASHBROOK'S TRIP ENDED BY DEATH

Janesville Man Drowned at Rockford Yesterday Afternoon

LEONARD PRESTON OF THAT CITY DIED WITH HIM.

Boat Was Capsized While They Were Out Sailing on Rock River—Ashbrook Built the Craft With the Idea of Floating Down the Rock, Mississippi and Arkansas Rivers to Bentonville, Ark., Where He Expected to Locate—Mrs. Ashbrook Nearly Prostrated.

Death terminated George M. Ashbrook's canoe trip from Janesville to Arkansas at Rockford yesterday afternoon.

There his wife, who expected to greet him in the flesh, saw his water-soaked dead body put into a casket.

His frail canoe had been overturned in Rock river, near the Forest City, and there, with his companion, the twenty-year-old son of E. L. Preston, a prominent Ford merchant, Ashbrook lost his life.

But few sadder stories can be told. Ashbrook has made Janesville his home for the past six years, he being a carpenter by trade. He worked at that calling and for the street railway company during his stay here, but decided to go to Bentonville, Arkansas, to reside. Thinking that the trip by water would be a cheap and pleasant way of traveling, he built himself a boat for the journey, while Mrs. Ashbrook left by rail. They agreed to meet in Rockford and there arrange the details of the balance of the trip. Accordingly, Mrs. Ashbrook left on the St. Paul train, while Ashbrook launched his boat.

Death Cut the Trip Short.

Mrs. Ashbrook arrived in Rockford safely and went to the home of an acquaintance, E. L. Preston, whose son lost his life with Ashbrook. Later Mr. Ashbrook arrived safely in Rockford, having made the trip down Rock river without an accident. Then he and his wife decided to stay in Rockford a short time.

Yesterday afternoon Ashbrook and young Preston went sailing in Ashbrook's canoe and the boat was capsized by a squall. No one saw the accident happen but at 3:30 o'clock, the boat was seen floating about. The two men did not come to the surface although bystanders saw a human hand appear above the water once. Search for the bodies was at once begun and about six o'clock they were recovered and taken ashore. Mrs. Ashbrook was nearly prostrated by the sudden and tragic death. They have been married some time, but have no children. What disposition will be made of the body is not yet known.

Ashbrook a Good Man.

Superintendent Proudfoot of the Street Railway Company was greatly shocked when he was informed of Ashbrook's death this morning.

"He was a good, conscientious, hard working, honest man," he said. "He was what I call a thorough Christian." Mr. Proudfoot added "and you do not meet them every day. He went to Rockford some days ago, but returned to Janesville Friday. I gave him a letter of recommendation on Saturday and I think he left for Rockford yesterday morning. He belonged to the Masonic Lodge and was also a member of Wisconsin Lodge No. 14, I. O. O. F. He was about thirty-five years old, I should think. He was a good workman and a good man. At one time he calculated to join the ministry, I understand. He attended prayer meeting at the home of Mrs. Peters the last time he was here."

Ashbrook told a Gazette reporter before leaving that he intended to go to Arkansas to take up land near the Ozark mountains. He calculated to paddle down the Mississippi to the Arkansas river, and follow that stream to Bentonville, where he expected to locate.

Preston a Popular Man.

Leonard Preston, who met death with Ashbrook, was a very popular boy in Rockford, where he had lived for years. His father conducts a grocery store on South Main street and the family is well known and respected. Leonard reached his twentieth birthday only last Wednesday. He had been enjoying a two weeks' vacation from his duties as messenger at the Rockford National bank, and only yesterday said he intended to have a good time during the last week. He was an active lad, fond of outdoor sport and equally alert at his work. He was a graduate of the Rockford business college and last spring entered the employ of the Rockford National bank, where he quickly won the confidence of his superiors.

Mr. Ashbrook had been for most of his life a resident of Rockford and vicinity although Janesville has been his home of late.

He was a lifelong friend of the Preston family, having worked for Mr. Preston. Later he was engaged in business with Mr. Preston. He was married July 8, 1892, to Miss Alice Carter, daughter of Thomas Carter of Byron. He has a brother living in California.

FARMERS RUSH HOGS TO MARKET

Janesville Stock Yards Art Crowded With Business in Consequence.

A long line of farmers wagons loaded with hogs wound their way toward the stock yards today.

"This sudden rush of business is not due to a rise in the price of pork," said George Charlton, "but it is all on account of the cholera that is now raising havoc among Rock County farmers. It begins to look as if they couldn't get to market fast enough with their pigs, for numbers of the farmers are disposing of their porkers, before they are half grown.

So far as is known not a cholera hog has as yet been received at the Janesville yards and if one did slip into a shipment the experts in Chicago are not slow in finding the pig which would be taken care of by the agents who represent the big soap factories. Last evening a shipment of three cars left the yards while a good sized shipment will leave this evening for the Chicago market."

## DIDN'T LIKE TO TELL HOW CANARY SHOT

### WITNESSES WERE NOT ON HAND THIS MORNING.

Sheriff Had to Get Thomas Turney and Mrs. Riley With an Attachment—Examination Was Not Completed—Thomas Trinwith's Story—Beloit Beer Lover Here.

Judging from today's experience the officers might be forgiven for thinking that perhaps the witnesses in the case of the state against William Canary were not consumed with a desire to tell what they know. Canary was before the municipal court this morning for examination on the charge of shooting John F. Sullivan. The state had notified three witnesses to be present but only one of them—Patrick Griffin—was present. Sheriff Appleby was then given an adjournment for the other two, Thomas Turney and Mrs. Mary Riley. The sheriff found them at Canary's place and brought them into court a few minutes afterward. Nothing new was elicited from them and the examination was adjourned until October 11 at 10 o'clock a. m. at which time it will be resumed. Sullivan was not in court, but he will be able to be on hand when the case comes up the next time. Canary's bond remains the same as before. District Attorney Jackson appears for the prosecution and J. L. Mahoney for the defendant.

Light on The Trinwith Affair.

Thomas Trinwith Sr. was in town today and told a different story from that of the asylum attendants who came to get Thomas Trinwith Jr., who had escaped from Mendota hospital. Mr. Trinwith says that the family were awakened about daybreak by a rap on the door. Mrs. Trinwith opened the door and was immediately confronted by two gleaming revolvers that were pushed through the opening almost before the door had swung back far enough to admit them.

"We are not murderers," Mrs. Trinwith said; "you do not need revolvers when you come here."

By this time, Mr. Trinwith says, his son George had come to the door, and becoming incensed at the sight of the weapons, told the officers that if he had a gun he would shoot them, etc. This display of arms, Mr. Trinwith said, was the cause of the whole trouble.

He further said that Thomas was not crazy; but that he worked about the farm and acted as rational as anyone could. He further stated that Thomas had spoken several times about returning to Madison and giving himself up.

Beloit Beer Lover Here.

James King will explain to Judge Phelps on October 9, how it was that a quantity of beer was stolen from Martin's warehouse at Beloit Saturday night. City Marshal Appleby found King enjoying beer from one of Martin's kegs. The man was arrested and arraigned before Justice Booth on charge of burglary, and waiving examination, his trial was set in the municipal court for October 9.

James Brown was found guilty of assaulting Thomas Jameson, and Judge Phelps fined him \$5 and costs. M. O. Mouat appeared for the state and T. S. Nolan for the defendant.

Frank Fifer and John Brown said they were sorry they were drunk when Officer Hogan arrested them so Judge Phelps discharged them this morning when they were brought into court.

To Please the Odd Man

The odd man looks more odd in a suit of clothing than does not fit usual. Our specialty is in fitting the queerly proportioned man. To give him a perfect fitting suit pleases him beyond measure. He is not in the habit of getting a ready made suit that covers the curves of his body correctly. The Pickwick system of clothing makes us odd friends. We always fit them perfectly.

## ABOUT SLEEPLESSNESS.

## WHAT IT IS A SIGN OF.

One of the Most Common Symptoms of Kidney Disease, Sometimes of Brain Trouble.

How It Can Be Cured Without Dangerous Drugs or Opiums.

The symptoms are unimportant sickness that you don't think you need a doctor and so things go on until the doctor can't help you. Even then Dr. Hobb's Sparagus Kidney Pills would probably be able to cure you.

But that is another matter.

To return to sleeplessness.

No one can do without sleep for more than a few days.

Sleeplessness is a drain on your brain and your vitality. It must be stopped or something will give way.

Mr. Hobb's Sparagus Kidney Pills will cure sleeplessness.

Sleeplessness is more common than it should be. It is a sign of dangerous sickness, which may turn out badly.

Sleeplessness means either one or both of two things: First, kidney trouble; second, brain trouble.

But if there is brain trouble, it is probably a complication of the kidney trouble.

Bright's disease, the most dangerous kidney trouble there is, is generally accompanied by sleeplessness.

Nine times out of ten the sufferer from Bright's disease doesn't find out that he has it until it is almost too late to be cured.

They do it by curing the kidneys, by taking away the cause of the whole trouble, by purifying the blood.

Asparagus has a special effect on the kidneys, as every one who has eaten it knows.

This effect is strengthened and made more powerful in Dr. Hobb's Sparagus Kidney Pills.

It is your kidneys which cause your sleeplessness, Dr. Hobb's Sparagus Kidney Pills will cure it by toasting them up and giving them fresh life and strength.

If it is your brain, by cleansing and renewing the blood, through the improved action of the kidneys, Dr. Hobb's Sparagus Kidney Pills will cure the brain by giving it fresh nourishment and new life.

To be healthy and to do your best work, you must have enough sleep.

When you are losing it, a few doses of Dr. Hobb's Sparagus Kidney Pills will cure you and bring rest to your tired body and mind.

Besides sleeplessness, the symptoms of kidney trouble are headache, nervousness, shortness of breath, evil forebodings, loss of flesh, swelling of the feet and ankles, pain in the back.

All these symptoms are caused by sick kidneys. All of them can be cured by Dr. Hobb's Sparagus Kidney Pills.

When no other drugs or medicine give you relief Dr. Hobb's Sparagus Pills will. The preparation of Asparagus from which they are made and which is made by a special process for these pills has never been known to fail.

Dr. Hobb's Sparagus Kidney Pills are for sale at all druggists for 50 cents a box, or will be sent postpaid to any address on receipt of price.

A few doses will relieve. A few boxes will cure.

Please write for free pamphlet containing full particulars about the kidneys, Hobbs Medicine Co., Chicago or San Francisco.

It is a truth in medicine that the smallest dose that performs a cure is the best. Da Witt's Little Early Risers are the smallest pills, will perform a cure, and are the best. C. D. Stevens.

If the Baby Is Cutting Teeth, Be sure and use that old and well-tried remedy Mrs. Winslow's SOOTHING SYRUP for children. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

A Large Patient.

Probably one of the largest patients ever admitted to Bellevue hospital applied to Register Gleeson for treatment on Sunday morning. He was Harry L. Currey, 30 years old, a fireman on the tugboat Glen Island. Currey is 6 feet 7 inches high, and, according to Mr. Gleeson, would find difficulty in getting a pair of ready-made sleeves or gloves in the city that would be large enough for him. Another peculiarity about the big fireman is that he has six toes on each foot, the little toe being divided into two distinct parts.—Philadelphia Ledger.

## FEW KNOW ABOUT THE SHAKERS

AN INTERESTING, GOD-FEARING PEOPLE WHO HAVE GIVEN THE WORLD MANY IMPORTANT DISCOVERIES.

We may not accept their peculiar religious beliefs nor can we enter into the spirit of their sacrifices. It is not necessary to believe as they do, but we can and do respect their sincerity of purpose and the honest and uprightness which marks all their business dealings. The Shakers have always been successful inventors, and some of the greatest of the conveniences of the present day found origin in their settlements.

In one particular they excel all other men or classes of men, and that is in cultivation of medicinal herbs and plants and their preparation for use. They have made it a study for more than one hundred years. It is one of their peculiar industries. Their lives have been devoted to it.

Their latest and greatest achievement is the Shaker Digestive Cordial. It is not offered as a cure for all diseases. It does not pretend to be, but one disease it will cure, and that is indigestion.

Sufferers who resort to its use have not long to wait to see the result. The effect is almost immediate. The first dose usually gives relief and if continued a permanent cure will follow. It not only contains already digested food, but digests food as well, thus toning up the general system. An interesting pamphlet is now being issued by the Shakers and can be had for the asking at almost any drug store.

Try a twenty-five cent bottle of Digestive Cordial and see what it will do for you.

# RELIABLE . COMMUNICATIONS !

## Fall and Winter Announcement of Shoes <sup>and</sup> Footwear

Is made for the first time this season, in the Gazette of this evening. The idea we would carry in all of our advertising matter is thorough reliability in every statement we make. The goods we speak of will be of the highest grade material and yet at prices that will be right to the customer in every respect. The A. Richardson Shoe Co., has a reputation as reliable dealers in Shoes, that dates back many years. What we wish to do is to reach a higher pinnacle in the shoe business of this vicinity and to accomplish this end, must necessarily heighten the quality of stock and cheapen the price to the purchaser, to an extent that will not only bring us his trade but also that of his friends. We will aim to carry the **latest patterns and styles** in Shoes. Our fall stock has commenced to arrive and within the next few days will all be here. **In ladies' shoes** we will have a large variety of welts, turns and McKays in all the newest patterns in lace and button. The material in these goods will be the finest quality of kid, cali skin, etc. We will make a particularly strong drive on **\$2.50 and \$3.00 shoes**, in which we shall show more new styles and elegance than has ever been brought to the city before. **In men's shoes** we will make a big showing in patent leather, French enamel cordovans and calf skins. **A new thing** we are introducing this season is a box calf with a heavy extended sole and razor toe. The prices on our men's shoes range from \$1.50 to \$7.00, and in all prices we show the latest styles. Our **\$3.00 shoe is a world-beater**, made up with razor toe, in fine calf skin. **Shoes** the lines are nobby and **In boys', misses, and infants'** Children's **infants'** stylish, with attractive prices. We are after trade and know that reliable goods, sold at close prices, will accomplish this end.

# HARD FELLOWS EASY TO FIT!

STUDY THE PICTURES.

They are all odd shaped men and they can't any of them be fitted with ordinary ready-made clothes and they are so hard to fit that they are never satisfied with their tailor-made garments, that they pay \$25 to \$50 for.

### IT HAS ALL BEEN STUDIED OUT !

and they **need not** put up with the inconveniences of ill-fitting clothes any more. They **can** be fitted and perfectly, with our Pickwick system of tailoring. Odd built men come to our store and try on these Pickwick garments every day; some buy, they are all satisfied with the fit, making and the price. We claim we can fit nine out of ten without making any changes, with these clothes. No matter how hard the man may be to fit. The tenth we can fit with perhaps a slight alteration.

### THIS IS A BIG, BROAD STATEMENT !

but we are ready to back up every word of it because we know we have got the best scheme for fitting odd and ordinary built fellows of any body in town. We carry substantial clothing; nothing shoddy, everybody knows that who has ever traded at this store. Let us show you the Pickwicks, we can convince you of their fitting qualities. We are showing exceptionally fine overcoats in **Meltons, Kerseys and Beavers**, at \$10 and \$12.00.
